Maintenance problems affecting the safety and security of the campus are given high priority. Maintenance personnel are on-call to rectify problems that present an immediate compromise to safety.

Administrative staff document and report maintenance needs as part of their regular duties. The staff works closely with the building management and Facilities personnel to maintain a safe and pleasant environment for living and working.

Authority and Relationship with Other Agencies

The administrative staff at the Franklin Pierce University Lebanon campus provides security to the campus during normal hours of operation. The staff, acting as agents of the University, is authorized to enforce policies and regulations of the University and to refer those individuals in violation to the Campus Manager, the Dean of Graduate and Professional Studies, the Director of Campus Safety, and/or the Vice President of Student Affairs. The Lebanon police department periodically patrols the exterior of the campus as part of their regular patrols. Matters of a criminal nature brought to the attention of the staff are reported to the Lebanon police. A report is also made to the Director of Campus Safety on the Rindge campus.

Preparation of the Annual Crime Report

Beginning in fall 2000, the Director of each of the Graduate and Professional Studies Campuses will prepare the Annual Crime Report.

The Center Manager and the Director of Campus Safety for the Rindge campus compile the information for the Campus Crime Report and are responsible for its publication. Statistics for crimes that occurred on campus are gathered from incident reports and a request is made to the Lebanon Police Department to supply information regarding crimes reported and alcohol, weapons and drug arrests in the area surrounding campus. The Center Manager compiles statistics on disciplinary referrals for drug and alcohol violations, which are included in the report. It is the practice of the University that all incidents reported to other offices is reported to Campus Safety for documentation and follow-up.

The annual report is prepared at the close of the academic year; however statistics reflect activity that occurred during the previous calendar year.

Crime Awareness and Prevention Programs

Crime awareness is the key to crime prevention.

- *Crime Alerts* - issued when a crime or pattern of crimes or other activity has occurred which present an immediate and significant danger to the Community. Crime Alerts are posted on those areas affected and notification made to other areas, if applicable.
- *Campus Alerts* - issued to advise the Community of relevant information in other areas of concern, i.e. weather or storm advisories, traffic advisories, potential or real power outages, etc.

Possession, Use and Sale of Alcohol and Drugs

Possession and use of non-prescribed drugs is incompatible with the educational process and inconsistent with the purposes of the University community. State and federal law prohibits the possession of drug paraphernalia, and the sale of drugs will result in separation from the University and prosecution.

Use, possession, or distribution of narcotics or other controlled substances, except as expressly permitted by law (e.g. prescription drugs) is forbidden. Federal and state law regarding narcotics and controlled substances shall be strictly observed and enforced. Drug related devices are forbidden on University premises; in accordance with state law.

Franklin Pierce University prohibits alcoholic beverages in all public areas of the campus, including lounges, corridors and outdoor areas unless special permission is received for a particular function.

The University prohibits common sources of alcohol. Common source is defined as a large amount of alcohol present which is in excess, or beyond a reasonable amount, for the number of people present who are 21 years of age or older. Common sources include, but are not limited to, kegs and beer balls.

As a member of the Franklin Pierce University community, students reside in the state of New Hampshire, and therefore responsible for knowing and abiding by all the state laws. State law forbids the possession of alcoholic beverages as a minor. No licensed sales agent, nor any other person, shall sell or give away or cause or permit or procure to be sold, delivered or given away any liquor or beverages to a person under the age of 21 years, to an habitual drunkard, to an insane person, to a person under the influence of liquor, or to any other person to whom any court, selectman of a town, chief of police, overseer of public welfare or the commission shall prohibit sale. NH RSA 1758A Students over 21 are subject to prosecution if they sell or give alcoholic beverages to a minor. Also RSA 265:821 is amended to provide that a driver under the age of 21 with a Blood Alcohol Content (BAC) of 0.02 or more may be charged with DWI. For an average person, 0.02 BAC would be less than the equivalent of one beer or light drink. Alcohol and Other Drugs Concerns Committee is assembled periodically to review these and other related regulations. An Alcohol and Other Drugs Committee recommends to the Vice President for Student Affairs the appropriate campus policies and programs.

The University has adopted the following guidelines:

1. The University has the responsibility to exercise prudent control over the use of alcohol on and off-campus at University-sponsored events.
2. Food and non-alcoholic beverages of sufficient quantity must be available whenever alcoholic beverages are served at events on or off-campus.
3. Individuals and/or sponsors of activities, events, or parties where alcohol is served are responsible for clean-up and damage.
4. Special permission must be obtained for special functions in other locations (on or off-campus) from the appropriate member of the Senior Staff.
5. Incident reports from the Campus Manager indicate if an incident is alcohol-related and are reported to the Dean of Graduate and Professional Studies.
6. In promoting University events, alcoholic beverages may not be mentioned in advertising material.
7. Specific alcohol policies can be found in the Student Code of Conduct.

Firearms, Fireworks & Other Weapons

Possession or use of any type of firearms, other weapons, or firecrackers/fireworks on University property is not allowed, and violations would be viewed as a serious offense. (On-duty law enforcement officers are exempt from this prohibition.) Any weapons confiscated will be turned over to the local police and/or destroyed.

Sexual Assault Policy & Reporting Procedure

Sexual Assault describes behavior that includes, but is not limited to, all actions, which constitute sexual abuse. Incidents of “date rape” or “acquaintance rape” are considered physical abuse under the Student Code of Conduct “Article III: Proscribed Conduct” and are treated as a serious offense. “Rape” is defined as sexual penetration without the consent of the victim. “Date Rape” is rape in a situation where the parties know one another. Any form of unwanted touching is also considered sexual abuse, and as defined in this Code, physical abuse. Non-forcible sex offenses include incest and statutory rape only.

Victims of sexual assault should contact the Campus Manager, Campus Safety, Student Affairs or Human Resources to report an incident. Sexual Assault is also a violation of state law and victims may choose to pursue criminal charges through the Lebanon Police Department or Grafton District Court, although they are not required to do so. The University will assist the victim if s/he chooses to report the incident to the local police.

PROCEDURE

The following guidelines are for the immediate care of a person who has been sexually assaulted, abused, or raped. The primary concern of the caregiver is the emotional well being of the assaulted person. Circumstances and survivor needs vary greatly. This format is a guide while keeping in mind the needs of the survivor as the primary focus.

1. The victim should notify the Center Director, Campus Safety, Student Affairs (Residence Life) or Human Resources of the alleged assault.
2. Immediate medical needs will be assessed. If emergency medical assistance is required, the caregiver may do either of the following;
 - a. Contact 9-1-1
 - b. Assist the victim in getting transportation to the emergency room.
3. The caregiver will notify his/her immediate supervisor of the incident.
4. The victim will be informed of his/her right to report the incident to the *Lebanon* Police Department.
5. The caregiver will provide the following options to the victim, while respecting his/her right to choose the type and extent of medical and psychological intervention;
 - a. Encourage the victim to seek treatment at an emergency room for presence of sexually transmitted disease and/or pregnancy; evaluate and treat injuries; and collect evidence.
 - b. The victim may choose to seek treatment at a Health Center in lieu of the emergency room, however they will not collect evidence;
 - c. Encourage the victim to contact 603-448-5525 Rape crisis Center.
 - d. The victim may wish to have no medical or psychological evaluation.
6. If the victim chooses to be treated at the emergency room, s/he;
 - a. Should be advised not to smoke, eat or drink anything,
 - b. Should not shower, douche, brush teeth, rinse mouth or wash any other part of the body,
 - c. Should bring a change of clothes.
7. The victim should be advised not to wash clothes or bedding that may contain physical evidence.
8. With the victim's consent, the Lebanon Police Department will proceed with an investigation of the incident. Information regarding the victim and the incident will be provided on an "as needed" basis only to those persons directly involved in the incident, investigation or judicial process.
9. If the victim and the accused share classes, the victim will be given the option to reschedule to another facility or class when such option is reasonably available, pending case outcome.
10. The victim and accused have the same rights during all phases of the campus judicial process.
11. Both the accuser and the accused will be informed of the outcome of any campus disciplinary proceeding involving sexual assault.

This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Poisoning (including the use of date rape drugs)

The unlawful entry of a structure to commit a felony or a theft therein. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Forcible Entry. All Burglaries where force of any kind is used to unlawfully enter a structure for the purpose of committing a theft or felony. This rule applies when a thief gains entry by using tools; breaking windows; forcing window, doors, transoms, or ventilators; cutting screens, walls or roofs; and where known, using master keys, picks, unauthorized keys, celluloid, a mechanical contrivance of any kind (e.g., a passkey or skeleton key) or other devices that leave no outward mark but are used to force a lock. This includes Burglary by concealment inside a building followed by exiting the structure.

Unlawful Entry– No Force. Entry of a structure by use of an unlocked or opened door or window. The element of trespass to the structure is essential in this category, which includes thefts from open garages, open warehouses, open or unlocked dwellings (such as dorm rooms) and open or unlocked common basement areas in apartment houses where entry is achieved by someone other than the tenant who has lawful access, or others whom the tenant allows to have free and regular access to the structure. If an item was taken from an unlocked dorm room and you can establish that neither the tenant nor those friends with free and regular access to the room have taken the item, then unlawful access has occurred. In this context, it is important to note that a “breaking” occurs when a perpetrator crosses the threshold of a boundary that results in a trespass. As such it is possible for a burglar to “break” an open doorway or window. There is no requirement that entry be forced in any way or that damage to a door, window or frame be evident.

Attempted Forcible Entry. A situation where a forcible entry into a locked structure is attempted but not completed.

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned, including joyriding.)

Other Vehicles. Theft of all other motor vehicles that meet the Uniform Crime Report definition, such as snowmobiles, motorcycles, trial bikes, mopeds, golf carts, all-terrain vehicles and motorized wheelchairs.

Arson

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Structural. This includes the willfully or maliciously burning or attempted burning of houses, townhouses, duplexes, apartments, tenements, flats, hotels, dormitories, boarding houses, barns, garages, warehouses, industrial/manufacturing structures, stores, restaurants, offices, etc.

Mobile. This includes the willfully or maliciously burning or attempted burning of automobiles, buses, motorcycles, trailers, recreational vehicles, airplanes, boats etc.

Other. This includes the willfully or maliciously burning or attempted burning of all property not classified as structural or mobile such as crops, fences, signs, and merchandise stored outside structures are included.

Hate Crimes

Sexual Orientation is the term for a person's physical, romantic, and/or emotional attraction to members of the same and /or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.

Gender: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.

Gender Identity: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay bisexual, or transgender person but may be perceived as such.

Ethnicity: A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of

a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term “race” in that “race” refers to a grouping based mostly upon biological criteria, while “ethnicity” also encompasses additional cultural factors.

National origin: A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.
