

LIBRARY

The DiPietro Library offers a quiet, relaxing place to complete assignments. Study in the lounge on the first floor, collaborate on group projects in the Bray Technology Center, or reserve a small-group room on the second floor. You can bring snacks and drinks to help you refuel during those late-night study sessions.

You can also access computers, books, ebooks, DVDs, and video games in the library. Stop by between classes with your student ID card to print an assignment. Library staff offer individual and group training in information literacy, where you can learn how to find, evaluate, and apply the most appropriate sources for your assignments.

STUDENT TESTIMONIAL | Victoria Vargas 2020

“Every student at Franklin Pierce should take advantage of the reference and circulation desks at the library. The library’s databases provide easy access to high-quality, original research papers in any field. As a senior, I’ve conducted research with Health Science faculty that required several literature reviews. The reference desk staff and databases helped me find journals related to my specific topic of research. The staff at the circulation desk helped me acquire articles promptly through interlibrary loan for the current publication I am writing.”
