

HEALTH SERVICES

VISITS

Health Services hours are Monday - Friday 8 a.m. - 4:30 p.m. during the academic year. Health Services offers WALK-IN hours Monday - Friday 8:30 - 11:30 a.m., all other times it is required for you to schedule an appointment.

Students are asked to call (603) 899-4130 to set up appointments at Health Services. By calling for an appointment in advance, you can decrease waiting time and allow adequate time with the appropriate healthcare provider.

Walk-in acute care situations and emergencies are given priority attention. EMT coverage is available after hours. For emergencies call ext. 5555.

MEDICATIONS

We provide starter dosage of over-the-counter medications. We have a limited in-house pharmacy for students and we utilize a local pharmacy for prescription medications we do not have on hand. Please inquire regarding the fees for these medications.

SERVICES OFFERED

Family Planning: We are dedicated to providing our patients with best in reproductive and sexual healthcare while advancing the wellbeing of our patients through treatment options based on the latest research and clinical outcomes. For specific services offered, please contact Health Services.

Women's Health: Gynecological services are available by appointment. Services include assessment and possible treatment of infectious diseases, pregnancy testing, and birth control. Extensive education on Women's Health issues is always available.

Men's Health: Health Services provides information on contraception, education about testicular and prostate cancer, and provides education on infectious diseases.

Laboratory Services: Lab services are available at Health Services are: Influenza A/B, Strep A, Mono, pregnancy, urinary tract infection, and COVID-19. Quest lab is utilized for testing that is processed in a laboratory. Sexually transmitted infection testing is available.

Immunizations: Centers for Disease Control recommends – Initial COVID-9 immunization series, Meningitis (MenACWY), Measles, Mumps, Rubella (MMR), Varicella, Tetanus and TB screening are mandatory for admission. Health Services has meningitis (MenACWY), Tetanus (T-DAP), influenza, and as available COVID-19 initial/booster. All vaccines administered in Health Services will incur a fee not covered by student insurance. (Outside insurances not accepted) .

STAFF

Erica Peery, APRN
Director of Health Services, Lead EMT Squad

Master's of Nursing family nurse practitioner Walden University, Associates in Nursing St. Joseph School of Nursing, Registered Nurse

Erica is a native of the Monadnock region, currently resides there with her husband and two children. In addition to her passion of providing quality medical care, she enjoys being outside working on a small hobby farm, spending time with her family and friends.

Jody Cormier
